

Getting to Peace of Mind.

As Toyota Dealers, we take great pride in delivering high quality, dependable and innovative vehicles, products and services. Your safety, your complete satisfaction and your peace of mind are our highest priorities.

So What About My Current Toyota?

Toyota Canada has announced the solution to the sticking gas pedal problem. The Ontario Toyota Dealers' current focus is to install the modifications in your specific vehicle. Very soon you will receive a notice in the mail, instructing you on where and when to bring your Toyota into your dealership for servicing. Meanwhile, call us if you have any questions at all. Your Toyota Dealers are always available to you.

What About Purchasing A New Toyota?

Every new Toyota affected by the recall will have the accelerator pedal correction already installed. Toyota Canada and your Toyota Dealers have complete confidence in every vehicle we sell.

Building On A Successful Reputation.

We know our success depends on much more than the beautifully designed and engineered cars you see in our showrooms. It depends on your ability to trust us. We have worked for more than 40 years in Ontario to earn that trust with every transaction, every conversation, and today we're more committed to that than ever.

We are open for business, to meet all your service and sale needs and to continue the conversation we've been having with you, our most valued customer.
